

PELSO CAMPING'S POLICY AT HARLEY-DAVIDSON OPENROADFEST

In 2020, the festival area and the campsite area will be physically segregated, at the request of the campsite, on the basis of another working model similar to the major festivals held at the campsite.

Entry to the festival is done with a valid festival bracelet, the rules and regulations are set by the organizer (H-Budapest Ltd.) and published on its website. Entry to the campsite is subject to a valid accommodation reservation and a valid festival ticket.

The main reason for the separation is that the festival, which is renewed in other elements, is not the same, some of the visitors are locals, others are domestic and foreign tourists, and others are campers. The safety of the festival, the comfort of the campers, and the accident-free transport within the campsite area are limited if the number of participants at the same time is limited in accordance with the capacity of the campsite.

The campsite has a general policy, FAQ, Privacy Policy, available at www.pelsocamping.hu/docs in Hungarian, English and German.
