PROGRAM GUIDE

ACTIVE HOLIDAYS AT LAKE BALATON!

GUIDED SIGHT-SEEING TOURS, SHOPPING OR LUNCH

A full day or half-day tour to complete your stay at the campsite. A sight-seeing bus offers a comfortable and effective way to discover the history, culture and architecture of the Balaton region. We offer a visit to Tihany, often referred to as the citadel of Balaton, to Balatonfüred and to Badacsony; a balanced programme with culinary and museum events and sight-seeing either on a bus or by walking. Lunch is always arranged in a wonderful environment with great food. The tour ends in the afternoon or in the evening, when you will have the chance to do some shopping and have a nice piece of cake.

We provide opportunities for sports as well as for true entertainment for every generation. You might be a sports lover, a fan of water sports or fond of activities on land; at the campsite, you will definitely find the activities that suit you. HEALTH

The region of Balaton is rich in thermal spas as well. Balatonfüred, a spa town, is located only 15 minutes away from the campsite. Spas may be visited several times a week; even every other day for a short period. Besides the thermal water pools, massage and other services are also available. Hévíz, a 90-minute drive from Alsóörs, is another thermal spa centre. Spas may be visited several times a week, even every other day for a short period. Besides the thermal water pools, massage and other services are also available. Doctors recommend spending 3 hours maximum in a spa with short bathing periods, which will give you ample time to visit the attractions of the town as well.

FISHING

Nightlife at locations depending on the season. Our most popular fish is perch, the 'currency' of Balaton. In order to catch one successfully, one needs to know the area as well as the right technique - both provided by our guides. Our fishing events start in the early afternoon and finish at dawn; the 'silver bridge' of the Moon and the boats floating on the water will give you an unforgettable experience. Fishing for pike and carp is also possible.

ENTERTAINMENT

BalatonSound, Festival, Beachfest, BmyLake. Hungary is home to numerous festivals. With our seasonal transfer buses we offer accommodation and day time activities for the visitors of the festivals in the region. Come and prepare for the festivals with us; or spend 2 relaxing days with us after the festival. We also offer a party transfer bus to Balatonfüred.

PROGRAM GUIDE

ANGLING

CARP - 2-4 DAYS

Lake Balaton is teeming with carp. The invasive thick and thin-skinned mussel (*Dreissena*) is an excellent nutrient source for carps. The carp is a huge draw for fishing tourism as it is a good catch from early Spring to late Autumn. The lake's natural water abounds in excellent lean fish, with catches over 10 kilograms quite the rule. Carp fishing is subject to the rules of bolie fishing on Lake Balaton. Under Campsite ethical and business policy we support the C&R (Catch and Release) fishing, with anglers only keeping catch for local eating needs. To guarantee your catch we also offer pre-baited angling spots.

PIKE PERCH - 4h/8h

A night-time programme at diverse locations depending on the season. The lake's glory, the Balaton pike perch is a true Hungarian favourite. A successful catch is contingent on familiarity with location and use of right technique, for both of which our tour guides are your guarantee. Kicking off early afternoon, fishing for pike perch lasts until the early dawn hours. The Moon's "silver bridge," boats and ships gently bobbing on the water in the night make for an unforgettable experience.

PIKE/ASP

Lake Balaton pike stock is less plentiful, but don't worry! Your best bet of a catch is at dawn and dusk around the edge of shore-hugging reed. The spin fishing technique is an amazing experience for anglers with a bent for search-fishing. Programme includes boat with electric motor and search-fishing lessons.
